GORDON H RICHARDS

NATURAL SLATE SPECIALIST SINCE 1934

Classic Standard Grade - Bellway Homes, Chelmsford, Essex

The GHR Classic Slate is a natural roof slate with a very similar appearance to Blue Grey Welsh Slate and is approved for use in Snowdonia National Park.

The GHR Classic has the traditional look of natural slate, whilst being easy to lay due to the excellent selection process at the point of production. This is demonstrated by the regular number of slates per pallet.

The exceptional quality of the sourced rock enables the GHR Classic to be produced in larger formats, up to 600x450mm.

The rigorous process to achieve approval for use in Snowdonia National Park looks at whether the slate is a suitable alternative to indigenous Welsh Slate.

The GHR Classic has been deemed to offer an alternative with equivalent colour, texture and weathering characteristics to Ffestiniog Blue Grey Welsh Slate.

This approval gives specifiers and roofers confidence in the quality and performance of the slate.

Mae llechi Clasurool GHR yn lechi naturiol gydag edrychiad sydd a thebygrwydd i'r llechi Cymreig llwyd-las sydd wedi eu cymeradwyo i'w defnyddio ym Mharc Cenedlaethol Eryri.

Golwg traddodiadol, naturiol sydd gan lechi Clasurool GHR. Bydd y llechi yn hawdd i'w gosod o ganlyniad i'r broses ddethol rhagorol sydd yn deillio o'r man cynhyrchu.

Dangosir hyn yn y nifer rheolaidd o lechi fesul paled oherwydd ansawdd eithriadol y graig. Mae nhw hefyd ar gael mewn fformatau mwy, hyd at 600x450.

Mae'r broses trwyadl i sicrhau cymeradwyaeth ar gyfer eu defnyddio ym Mharc Cenedlaethol Eryri yn edrych i weld os yw y lechen yn addas i'n llechi Cymreig cynhenid. Mae y Glasur GHR wedi cael ei ystyried fel dewis arall gyda lliw, gwedd a hindreuliad nodweddiad i lechi Ffestiniog Cymreig llwyd-las.

Mae y cymeradwyaeth yma yn rhoi hyder yn yr ansawdd a perfformiad y llechi.
